

## Third Party Audit & Analysis – Demand Package Review Services

ICS' Third-Party Audit and Analysis solution provides a combination of Bill Review, Code Review, and Nurse Review in one complete comprehensive report. Our Demand Package Management includes:

- Our technology automates the application of rules for a consistent and efficient review
- The Medical Bill Review audit is always completed using Certified Coders which assists in determining the appropriate fees and procedure codes
- The Professional Nurse Review audit process provides a comprehensive understanding of the injuries presented, the treatment involved, and the recommendation as to the appropriateness and relatedness of the charges

- Our proprietary Treatment Calendar is a powerful audit management tool
- Comprehensive Negotiation Summary Reporting & Analytics
- Our end product provide our clients with Defensible Outcomes
- Our Third-Party Audit and Analysis enhances our client's ability and effectiveness in understanding the medical claim presented, and in negotiating a fair settlement of the claim.

Given the varying needs tied to a Third Party Audit & Analysis, ICS has created a four tier service model with corresponding pricing to support this line of business.
